VENEER AND FINISH  
SELECTIONS  
SEATING PRODUCTS

Inherent in the natural renewable beauty of wood are variations in texture, density and grain figuring; therefore variations in finish color tone are unavoidable. Color tone and grain figuring may vary from one furniture piece to another. These variations are even more pronounced when lighter finishes are selected.

The finishes printed in this brochure are for reference only. For approval prior to placing your order, please request actual finish sample on selected veneer.
