HBF Legacy Casegood Specifications

*All Legacy Casegood orders should be accompanied by suite layout drawings.
 Drawings are needed to confirm proper unit configuration.
 Orders may be delayed to confirm specifications if drawings are not included.*

Standard Profile Edge Detail

Number (i.e. 1, 2, 3, or 4) following style number indicates the number of edge details for the top profile.

Optional Wood Molding and Exotic Veneer Inlays

The Legacy Casegood Series offers the option of placing one of five wood molding inlays or one of three exotic veneer inlays into the standard edge detail. The wood molding options are illustrated below. The exotic veneer inlays are Anigre, South American Lacewood and Black Pearwood. All molding and veneer inlays are available in any HBF standard finish except the Pearwood veneer which is only available in black. See the Legacy Casegood Series brochure for further clarification.

The inlay List upcharges are listed for each Legacy unit on each of the pages throughout this price list.

Accordian

Parquet

Cathedral

Wicker

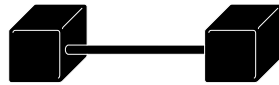

Feathers

Tops	Three (3) ply 2" (50mm) thick with premium grade cherry veneer top surface. Edges are bordered with 1" (25.4mm) solid cherry and overhang vertical surfaces by 1/4".
Veneer	Slip match, plain sliced cherry.
FSC Certification	HBF has been granted Forest Stewardship Council (FSC) Chain-of-Custody Certification (SW-COC-003305) by the SmartWood program of the Rainforest Alliance. This new certification agreement will allow HBF to offer FSC certified wood veneer or core on a project basis to maintain Chain-of-Custody for the design firm and client. FSC Chain-of-Custody certification tracks certified wood from the forest to final production to ensure that responsible forestry practices were maintained at every level and to preserve this natural resource for generations to come. Contact HBF Customer Relations for pricing and lead time information.
Pedestals	Available in three depths (24", 30" and 36").
Doors	Three (3) ply cherry veneer mounted with universal adjustment concealed hinges.
Levelers	All floor casegoods have adjustable levelers.
Modesty Panels	Desk modesty panels available as finished, fixed panels, either recessed 4" or flushed. Credenza, return and bridge modesty panels available as finished, fixed panels or as recessed, removable access panels.
Drawers	Box and file drawers are 1/2" maple wood, doweled to form a four (4) sided rectangle with separate drawer front. Drawer bottoms are 1/4" thick, fitted in a dado groove and captured on four sides. Drawer faces are mechanically attached to allow for easy alignment. Each desk with a box/box/file pedestal includes one maple divider and one maple pencil tray. Center drawers are optional. See HBF Casegood Accessories.
Suspension	Box drawers standard with telescopic, full extension, ball-bearing slides. File drawers standard with fully progressive, full extension, ball-bearing slides.

HBF Legacy Casegood Specifications

Pull Hardware Options

The Legacy Casegood Series offers the two pulls illustrated below. The Forsyth pull is available in the following finishes: polished brass, satin nickel and gloss black powder coat. The Johnston pull is available in polished brass and satin nickel only. Although Legacy is offered with these specific pulls, Legacy can also be specified with any of the standard pulls from HBF's Chamberlain, Mercer, Ashton or Fairmont lines. Each order must specify pull and finish before order entry can proceed.

Forsyth

Johnston

Locks

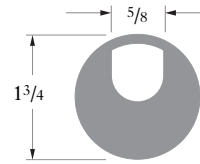

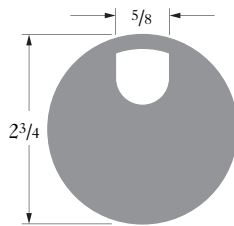

Pedestals standard with face locks.

Credenza storage towers, vertical storage cabinets, overhead cabinets and bookcases with doors are available with optional face locks. **Add \$100 List** per lock for factory installation. (Locks standard on vertical cabinet file drawers)

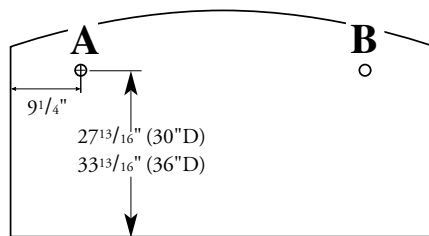

Each individual unit (i.e. desk, credenza, overhead storage unit, etc.) will be keyed alike. Lock finish will match pull finish unless specified otherwise. If complete offices are required to be keyed alike, this designation must appear on each order. Units will be shipped with the lock barrels and locking mechanisms in place. A separate package will contain the appropriately numbered cylinders for field installation. If no specific lock instructions accompany the order, random keying between complete units will be installed.

Grommets

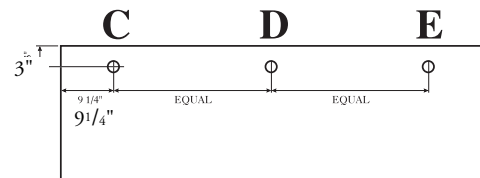

Grommets are optional on all Legacy desks, credenzas, returns, bridges and the computer support corner units, **add \$125 List** for each factory installed grommet. Grommets available for field installation, **add \$55 List** per grommet. Finishes available are polished brass, satin nickel and matte black powder coat and are standard in the same specified finish as the pull hardware. The 3" circular grommet is used on all credenzas, returns, bridges and corner units. The 2" circular grommet is used on all desks and desk extensions.

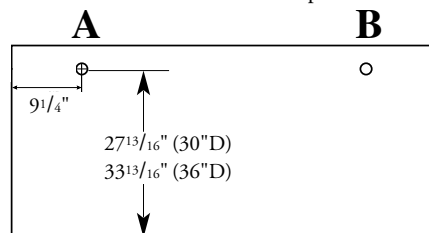

For added convenience, the drawings below should be used to define the placement of each optional grommet location. Please attach a copy to the order.

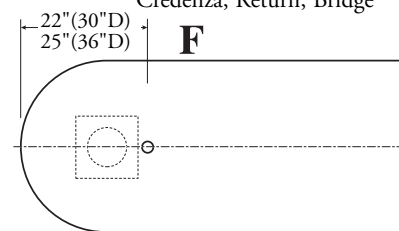

Desk- Bow Front Top

Credenza, Return, Bridge

Desk - Rectangular Top

All Desk Extensions

If standard grommet placement locations do not provide suitable accessibility, a formal drawing of specified grommet location showing exact dimensions must accompany the order. No order specifying non-standard grommet placement will be entered until these drawings are received and approved by HBF.

HBF Legacy Casegood Specifications

Removable Access Panels

Legacy credenzas, returns and bridges specified without edge details on the back edge of the top surface will be constructed with removable access panels in all kneespaces. This panel can be easily removed to allow for complete wall access. When installed, the top of the access panel will be $3\frac{1}{4}$ " from the bottom of the unit top to allow for wire or cable egress. Units with removable access panels have unfinished backs. Legacy credenzas, returns and bridges specified with an edge detail on the back edge of the top surface will be constructed with a fully finished, fixed modesty panel.

Coping Detail

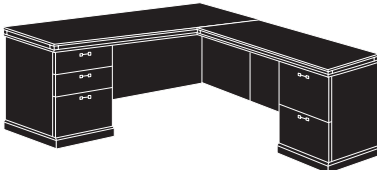

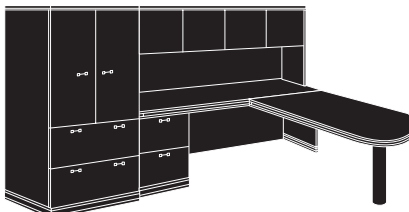

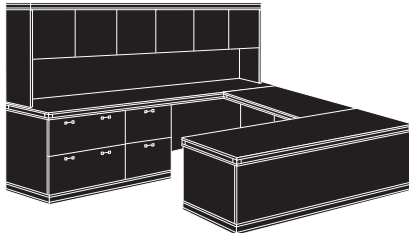

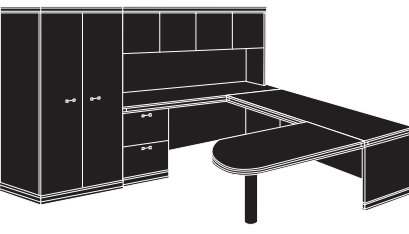

Legacy returns, bridges and desk extensions are reverse-coped to allow for flush mounting with credenzas and single pedestal desks. This coping detail is shown below.

Single pedestal desk,
credenza or return without
pedestal

Return, bridge or desk extension

HBF Legacy Casegoods - Credenzas

Credenzas - Other Configurations

HBF Legacy Casegood Series credenzas are offered in many different sizes and pedestal configurations for maximum flexibility. For ease in specification, use the style number creation system described below. This system allows you to select a variety of credenza widths and place components in any configuration. Credenza pricing is calculated by totaling the individual prices of all components and the credenza top price. *Several commonly used credenzas are listed on the previous pages for your convenience.*

Style Number Creation System

Example Credenza

Series	Product Code	Nominal Width Code	-	Component Configuration Codes
<i>LE</i>	<i>33</i>	<i>H</i>	-	<i>ABGK</i>
↓	↓	↓		↓
LE - Legacy	31 Credenza - Edge Detail 1 Side 32 Credenza - Edge Detail 2 Sides 33 Credenza - Edge Detail 3 Sides 34 Credenza - Edge Detail 4 Sides	M 18" N 24" P 30" R 36" S 42" A 48" B 54" C 60" D 66" E 72" F 78" G 84" H 90" J 96" K 102" L 108"		A Box/Box/File 18" B File/File 18" C Lateral File 30" D Lateral File 36" U Single Door 18" E Double Door 30" F Double Door 36" G Removable Access Panel H Finished Modesty Panel J Open - No Modesty Panel K End Panel - Finished L Recessed End Panel - Unfinished

OW 90 1/2"
OD 24 1/4"
OH 29"

NOTE: Nominal width is the actual width less the overhang(s) created by the edge detail(s).

Style Number Descriptions

Series: LE denotes the selected series as Legacy.

Product Code: Denotes the product as a credenza and also specifies the number of top profile edges with the selected Legacy edge detail.

31 - Edge Detail - 1 edge: Only the front (user side) has an edge detail

32 - Edge Detail - 2 edges: Front and one side have edge details

33 - Edge Detail - 3 edges: Front and both sides have edge details

34 - Edge Detail - 4 edges: All four edges have edge details

All credenzas have an edge detail on the front (user side) profile. If no detail is specified on the back profile, the credenza will be 24 1/4" deep. If a detail appears on the front and back profile, the credenza will be 24 1/2" deep.

Edge Detail - 4 edges
Nominal width + 1/2" = Actual width
Actual depth = 24 1/2"
Finished back

Edge Detail - 2 edges
Nominal width + 1/4" = Actual width
Actual depth = 24 1/4"
Standard black unfinished back

Edge Detail - 3 edges
Nominal width + 1/2" = Actual width
Actual depth = 24 1/4"
Standard black unfinished back

Edge Detail - 1 edge
Nominal width = Actual width
Actual depth = 24 1/4"
Standard black unfinished back

Nominal Width Code: Denotes the nominal width of the credenza. Nominal width is calculated by subtracting the overhang of any edge details from the top's actual width. All Legacy edge details create a 1/4" overhang. Therefore, the appropriate multiple (1 or 2) of 1/4" for each edge detail must be added to the nominal width to obtain the actual width.

HBF Legacy Casegoods - Credenzas

Credenzas - Other Configurations

Credenza Tops and Components Descriptions and Pricing

All available sizes of Legacy credenza tops are listed below. To calculate the price of a credenza, total the individual prices of all components and the credenza top price. All individual component prices are contained in the lists below. All credenza tops with edge details on 1, 2 or 3 top profiles (Product Codes 31, 32, 33) are the same price. Credenza tops with edge details on all 4 top profiles (Product Code 34) are listed in the second pricing column and *include a finished back panel*. Pricing examples are calculated on the following page.

Credenza Top Nominal Width	Nominal Width Code	Credenza Top List Price Product Codes 31, 32, 33	Weight	Credenza Top List Price Product Code 34	Weight

108"	L	1742	183	3269	263

Component Configuration: Denotes the pedestal/component configuration when viewing the credenza from the front (user side) and reading left to right. When selecting from the following components please ensure the width of credenza top specified will accommodate all selected components. Kneespaces will account for the difference between credenza overall width and the total width of all specified components coded A, B, C, D, U, E and F. Minimum knee space width should be atleast 24".

Casegood Components	Components Code	OW	List Price	Weight
Box/box/file	A	18"	\$1696	140
File/file	B	18"	1696	140
Lateral file	C	30"	2075	143
Lateral file	D	36"	2168	157
Single door cabinet †	U	18"	1416	90
Double door cabinet	E	30"	1783	105
Double door cabinet	F	36"	1900	110
Removable access panel	G	18" - 30"	449	24
		31" - 60"	536	42
		61" - 90"	973	60

This kneespace panel is completely removable to allow for wall access. It has a standard black finished back and is finished inside. The panel is recessed 4" from the back edge of the credenza and a 3 1/4" space at the top of the panel allows for wire or cable egress. The width will vary based upon credenza top width selected and the width of all specified components. The removable access panel price is based on its width. Only specified for Product Codes 31, 32 and 33.

Finished modesty panel	H	varies	No Charge (Product Code 34)	N/A
------------------------	---	--------	--------------------------------	-----

This panel is fixed and is finished on both sides. This kneespace panel is standard on all kneespace credenzas with edge details on all four edges (Product code 34). Its size will be automatically selected. There is no charge for finished modesty panels as its cost is contained in the pricing given above for credenza tops with edge details on 4 sides. Only specified for Product Code 34.

Open back	J	varies	No Charge	N/A
-----------	---	--------	-----------	-----

No removable access panel or finished modesty panel will be placed in the back of the kneespace.

Finished end panel	K	N/A	\$577	29
--------------------	---	-----	-------	----

This finished end panel is placed at the end of a kneespace on the left or right side of a credenza. It should be used when an edge detail has been specified for that end of the credenza. The panel is finished on both sides.

Recessed end panel	L	N/A	\$262	29
--------------------	---	-----	-------	----

This recessed end panel is placed at the end of a kneespace. It should only be used on credenzas specified with a bridge or return including a removable access panel. This panel will be recessed 4" for wire management. This recess will create a flush joint with the bridge or returns removable access panel. The outside has a standard black, unfinished back.

- OPTIONS:**
- Optional wood molding or exotic veneer inlays are available finished in the same finish specified for the Legacy casegood unit. Add \$650 List.
 - Optional wood molding or exotic veneer inlays are available with inlays specified in a HBF standard finish different from the Legacy casegood unit specified finish. Add \$895 List.

NOTE: † 1. Specify left hinge or right hinge for single door unit.

HBF Legacy Casegoods - Returns

Returns - Other Configurations

HBF Legacy Casegood Series returns are offered in many different sizes and pedestal configurations for maximum flexibility. For ease in specification, use the style number creation system described below. This system allows you to select a variety of return widths and place components in any configuration. Return pricing is calculated by totaling the individual prices of all components and the return top price. *Several commonly used returns are listed on the previous pages for your convenience.*

Style Number Descriptions

Series: LE denotes the selected series as Legacy.

Product Code: Denotes the product as a return and also specifies the number of top profile edges with the selected Legacy edge detail.

43 - Edge Detail - 2 edges: Front and one side have edge details

44 - Edge Detail - 3 edges: Front, back and one side have edge details

All returns have an edge detail on the front (user side) profile. If no detail is specified on the back profile, the credenza will be 24¹/₄" deep. If a detail appears on the front and back profile, the return will be 24¹/₂" deep.

Edge Detail - 2 edges
Nominal width + ¹/₄" = Actual width
Actual depth = 24¹/₄"
Standard black unfinished back

Edge Detail - 3 edges
Nominal width + ¹/₄" = Actual width
Actual depth = 24¹/₂"
Finished back

Nominal Width Code: Denotes the nominal width of the return. Nominal width is calculated by subtracting the overhang of any edge details from the top's actual width. All Legacy edge details create a ¹/₄" overhang. Therefore, the appropriate multiple (1 or 2) of ¹/₄" for each edge detail must be added to the nominal width to obtain the actual width.

HBF Legacy Casegoods - Returns

Returns - Other Configurations

Return Tops and Components Descriptions and Pricing

All available sizes of Legacy return tops are listed below. To calculate the price of a return, total the individual prices of all components and the return top price. All individual component prices are contained in the lists below. All return tops with Product Code 43 have an unfinished back. Return tops with a Product Code 44 include a finished back panel.

Return Top Nominal Width	Nominal Width Code	Return Top List Price Product Code 43	Weight	Return Top List Price Product Code 44	Weight
30"	P	\$ 647	55	\$1427	88

102"	K	1719	173	3240	248
108"	L	1743	183	3269	263

Component Configuration: Denotes the pedestal/component configuration when viewing the return from the front (user side) and reading left to right. When selecting from the following components please ensure the width of return top specified will accommodate all selected components. Kneespaces will account for the difference between return overall width and the total width of all specified components coded A, B, C, D, U, E and F. Minimum knee space width should be at least 24".

Casegood Components	Components Code	OW	List Price	Weight
Box/box/file	A	18"	\$1696	140
File/file	B	18"	1696	140
Lateral file	C	30"	2075	143
Lateral file	D	36"	2168	157
Single door cabinet †	U	18"	1416	90
Double door cabinet	E	30"	1783	105
Double door cabinet	F	36"	1900	110
Removable access panel	G	18" - 30"	449	24
		31" - 60"	536	42
		61" - 90"	973	60

This kneespace panel is completely removable to allow for wall access. It has a standard black finished back and is finished inside. The panel is recessed 4" from the back edge of the return and a 3 1/4" space at the top of the panel allows for wire or cable egress. The width will vary based upon return top width selected and the width of all specified components. The removable access panel price is based on its width. Only specified for Product Code 43.

Finished modesty panel	H	varies	No Charge (Product Code 44)	N/A
------------------------	---	--------	--------------------------------	-----

This panel is fixed and is finished on both sides. This kneespace panel is standard on all kneespace returns with edge details on 3 edges (Product code 44). Its size will be automatically selected. There is no charge for finished modesty panels as its cost is contained in the pricing given above for return tops with edge details on 3 sides. Only specified for Product Code 44.

Open back	J	varies	No Charge	N/A
-----------	---	--------	-----------	-----

No removable access panel or finished modesty panel will be placed in the back of the kneespace.

Finished end panel	K	N/A	\$577	29
--------------------	---	-----	-------	----

This finished end panel is placed at the end of a kneespace on the left or right side of a return. It should be used when an edge detail has been specified for that end of the return. The panel is finished on both sides.

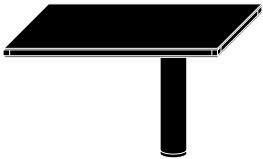

Recessed end panel	L	N/A	\$262	29
--------------------	---	-----	-------	----

This recessed end panel is placed at the end of a kneespace. It should only be used on returns specified with a bridge or another return including a removable access panel. This panel will be recessed 4" for wire management. This recess will create a flush joint with the bridge or return's removable access panel. The outside has a standard black, unfinished back.

- OPTIONS:**
1. Optional wood molding or exotic veneer inlays are available finished in the same finish specified for the Legacy casegood unit. Add \$650 List.
 2. Optional wood molding or exotic veneer inlays are available with inlays specified in a HBF standard finish different from the Legacy casegood unit specified finish. Add \$895 List.

NOTE: † 1. Specify left hinge or right hinge for single door units.

HBF Legacy Conference Table Specifications

Top Cherry flat cut veneer.

Standard Profile Edge Detail

Optional Wood Molding and Exotic Veneer Inlays

The Legacy Conference Table Series offers the option of placing one of five wood molding inlays or one of three exotic veneer inlays into the standard edge detail. The wood molding options are illustrated below. The exotic veneer inlays are Anigre, South American Lacewood and Black Pearwood. All molding and veneer inlays are available in any HBF standard finish except for Pearwood veneer which is only available in black. See the Legacy Conference brochure for further clarification.

The inlay List upcharges are listed for each Legacy unit on each of the page throughout this price list.

Accordion

Parquet

Cathedral

Wicker

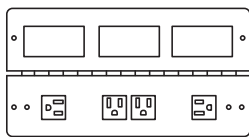

Feathers

Table Top Electrical Access Doors

Electrical access doors in table top are standard in cherry veneer. Please specify a HBF standard finish for cherry veneer doors.

Power/Data Plate

Legacy Conference Tables with power/data plates are hardwired and must be installed by a licensed electrician. The plate contains four (4) electrical outlets and three (3) flex-mode module cutouts. Data and power are separated within the power/data plate in order to comply with NEC (National Electrical Codes). HBF recommends using shielded cable for data/communication applications.

The electrical components provided within this group of furniture are engineered and manufactured in compliance with NEC regulation, however *it is the responsibility of the specifier and contracted installer of the furniture to be aware of the local building and electrical restrictions.* Electrical components meet both Chicago and New York electrical codes.

Voice/data connections are provided by means of a knockout cover fitted to an opening designed around the AMP FLEX-MODE interconnection modules. These can be installed as needed by the end user's data specialist. AMP Incorporated is not connected in anyway to HBF and is a nationally used supplier of network, voice and data equipment. For additional information call the AMP Product Information Center (800) 522-6752.

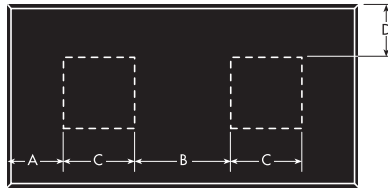

Pedestal Bases

Round and square pedestal bases on tables specified with electrical incorporate a hinged door for easy access to the inside of the base. Round and capsule tables have round bases, square and rectangular tables have square bases.
